Fellow Friends of the Red Wing Area Fund,

Forty years of investment in our community have enhanced our institutions, parks, and trails, plus enriching health and educational systems. More than 900 gifts from Red Wing Area Fund donors have provided more than \$15 million in projects that have made this a better place to live.

This year we are celebrating completion of the new Eisenhower bridge by joining with the Jones Family Foundation in adding landscaping, lighting and other enhancements.

The RWAF mission directs our Board to pursue broad philanthropic opportunities while embracing the best ideas brought forward by both citizens and organizations. We are committed to identifying new paths of community betterment and anticipate that decades of involvement lie ahead. We are grateful for those who support us financially.

Sincerely,

Arlin Albrecht

Mission Statement

Our mission is to continue and extend the exceptional character and quality of community life in the Red Wing area. To realize this objective, the Fund shall initiate its own projects and also consider helping to fund ideas and projects brought forth by other individuals, groups and organizations.

The Fund shall be responsive to changing needs and opportunities, especially those which have the potential to impact future generations. It will manage its resources to allow participation as leader or contributor in community efforts of major significance.

Brief History of the Red Wing Area Fund

The Red Wing Area Fund began its work in 1979. A few friends thought there would be a place in our community for a privately-led effort to initiate projects that were too risky for tax dollars or too large for individuals. These friends formed the RWAF to carry that enthusiasm into their beloved hometown of Red Wing, Minnesota. The board today has changed but the enthusiasm and devotion remains the same. We believe Red Wing is a better place due to our founders' dreams and we hope to carry on their legacy for years to come.
